Pioneer Eclipse®
MASTERS IN THE ART OF FLOORCARE

OUR COMMITMENT TO GREEN

Be kind to the environment. We think it's a good idea. That's why we're continuing to make great strides in producing environmentally-preferable floorcare and cleaning solutions. It's why we've developed and continually expanded our EnviroStar Green product line. And it's why we've met or exceeded numerous safety and quality standards for the industry while achieving the following important milestones:

- 2003: The EnviroStar Green Floorcare System - comprised of a finish, sealer, cleaner, maintainer, and stripper - received recognition from the EPA Design for the Environment (DfE). This was the first such recognition in the entire Jan/San industry.
- 2004: The EnviroStar Green Sanitation System - comprised of All-Purpose Cleaner, Glass & Surface Cleaner, and Spray & Wipe Degreaser - earned the prestigious Green Seal Certification. This System was also formulated to meet or exceed the EPA DfE criteria and is the first of its kind in the industry to be recognized by DfE.
- 2004: The EnviroStar Green Carpet Care System - comprised of Extractor and Pre-Spray Cleaner, Extraction Rinse, Soil Release Bonnet Buff, and All Purpose Spotter - was introduced. This System was also formulated to meet or exceed the EPA DfE criteria and is the first of its kind in the industry.
- 2005-06: We introduced numerous EnviroStar Green floorcare products including low maintenance, high solids, and satin floor coatings; and the EnviroStar Green Hard Floor System comprised of a green hard floor coating, neutral cleaner, neutralizer, hard floor sealer, maintainer, and stripper. No matter what your floor type or coating requirements, we cover it with our EnviroStar Green floorcare offerings.

In addition, EnviroStar Green mild acid and non-acid washroom cleaners and an all purpose peroxide cleaner were introduced.

Amano Pioneer Eclipse was the first floorcare company to be recognized for its efforts by both the DfE and Green Seal.

The Design for the Environment (DfE) program created by the EPA promotes the integration of cleaner, smarter, and environmentally preferable solutions into everyday business practices. All Amano Pioneer Eclipse green products are DfE recognized, and our primary floorcare components are Green Seal certified.

While we're proud of the DfE recognition and Green Seal certifications, we're even more gratified by our own success in making schools and the whole planet safer environments for children. Typically green products are formulated to meet green standards. At Amano Pioneer Eclipse, we formulate our green products to be as green as they can be.

Pioneer Eclipse EnviroStar Green Products have been formulated in Partnership with the Environmental Protection Agency's Design for the Environment Program.

When you see this logo, you know that this product meets Green Seal's environmental standard for industrial and institutional cleaners based on its reduced human and aquatic toxicity and reduced smog production potential.

GREEN HARD FLOORCARE

Designed specifically for use on hard floor surfaces, our EnviroStar Green® Hard Floor System does something no other green hard floorcare system has yet to duplicate... it actually works!

Hard Floor Coating

A polyurethane-fortified acrylic co-polymer green coating for concrete, stone and similar hard floor surfaces.

Non-volatile solids 20%
1.06 US gal. **128MP**
2.50 US gal. **128FS**

Hard Floor Sealer

Excellent adhesion on concrete and most types of terrazzo, marble and quarry tile.

Non-volatile solids 22%
1.06 US gal. **414MP**
2.50 US gal. **414FS**

All Purpose Neutralizer

Neutralizing solution developed for use where excessive alkalinity may cause adhesion problems.

1.06 US gal. **338MP**

SUPPORT PRODUCTS

Floor Maintainer

Formulated for mop-on and autoscrubber application to restore a brilliant wet-look shine.

1.06 US gal. **213MP**
2.50 US gal. **213FS**
1.06 US gal. **213D**

Floor Stripper

Non-corrosive stripper that removes EnviroStar Green sealers and coatings without harsh odors. Will not harm floor.

1.06 US gal. **513MP**
2.50 US gal. **513FS**

GREEN FLOORCARE OPTIONS

No matter what your floorcare environment, you can make a great first impression and instill confidence with clean, safe, and attractive facilities with EnviroStar Green. With five unique EnviroStar Green floorcare finishes to choose from you're sure to have the right solution...the right finish...and the right price.

Floor Coating

Delivers deep, wet-look results on initial application. Responds to burnishing with a brilliant gloss.

Non-volatile solids 20%
1.06 US gal. **113MP**
2.50 US gal. **113FS**

Low Maintenance Floor Coating

High gloss coating ideal for infrequent or no-burnish program.

Non-volatile solids 20%
1.06 US gal. **123MP**
2.50 US gal. **123FS**

Satin Floor Coating

Durable coating with satin look for healthcare facilities where gloss is not desired.

Non-volatile solids 16%
1.06 US gal. **125MP**
2.50 US gal. **125FS**

HS25 Floor Coating

Excellent wet-look gloss, scuff resistance, and long lasting durability in burnish program.

Non-volatile solids 25%
1.06 US gal. **124MP**
2.50 US gal. **124FS**

EnviroStar Green® from ... the Leader in Green Cleaning

ENVIROSTAR GREEN

A NAME THAT REALLY STANDS FOR SOMETHING.

Amano Pioneer Eclipse currently manufactures 20 green products. All our EnviroStar Green products are DfE recognized and five are Green Seal certified. What does it take to be an EnviroStar Green product? A better question would be what doesn't it take? Our EnviroStar Green products contain none of the following:

- NO** Zinc-based cross linking agents
- NO** Ethylene glycol-based coalescent solvents
- NO** Bioaccumulative fluorocarbon surfactants
- NO** VOCs exceeding established regulatory limits
- NO** environmentally toxic preservatives
- NO** alkyl phenol ethoxylate surfactants
- NO** 2-butoxyethanol
- NO** phosphates
- NO** ethanolamine or ammonia
- NO** flammable solvents
- NO** added fragrances
- NO** non-recyclable packaging
